

AYLA

AYLA

A beautiful design with continuous free flowing curves, Ayla is as versatile as it is elegant with a great range of six pastel shell colours to choose from and a collection of bases including timber or steel four leg, steel sled, and aluminium swivel on castors.

Ayla is easy to clean, with smooth surfaces that are specially designed to inhibit the build-up of any unwanted grime or germs. The one piece seat shell flexes gently for added comfort and an optional fixed seat pad can be upholstered in your specified fabric or leather.
